I. INTRODUCTION

The mission of Empire State Development ("ESD") is to promote a vigorous and growing state economy, encourage business investment and job creation, and support diverse, prosperous local economies across New York State through the efficient use of loans, grants, tax credits, real estate development, marketing and other forms of assistance. The Regional Economic Development Councils (REDCs) support the state's innovative approach to economic development, which empowers regional stakeholders to establish pathways to prosperity, mapped out in regional strategic plans. Through the REDCs, community, business, academic leaders, and members of the public in each region of the state put to work their unique knowledge and understanding of local priorities and assets to help direct state investment in support of job creation and economic growth.

To help accomplish the mission of growing the economy and encouraging investment and supporting regional economies, ESD will rely on the work of the 10 Regional Economic Development Councils ("REDC" or "Regional Council"), to provide an updated regional strategic economic development plan. The REDCs have been guided by their regional strategic economic development plans, which emphasize each region's unique assets and provide strategies to harness local resources to stimulate regional economic development and create jobs statewide. These plans, initially adopted in 2011, continue to be implemented today, with annual updates to address emerging state and regional challenges and opportunities. Through the comprehensive strategic planning process, every region across the state has succeeded in creating private sector jobs, driving private investment, bolstering workforce development, and revitalizing long-neglected cities, towns, and neighborhoods. The REDCs are undertaking a strategic plan update to ensure that these plans are addressing the most critical issues affecting the region's economic future and so each region has a well-defined path for continued growth and investment.

II. OVERVIEW

To assist with this process, ESD is seeking competitive proposals in order to select one (1) firm and/or teams ("Consultants") per region on a "best value" basis to provide planning services for the Regional Councils. Each REDC will be assigned a consultant to work with the REDC and lead data analysis, stakeholder engagement and prepare an updated regional strategic economic development strategy document for the region.

Respondents to this RFP ("Respondents") may submit proposals for a specific region or multiple regions. ESD will give preference to firms/teams who have experience and familiarity within the region they are submitting a proposal for.

Each REDC will receive up to \$200,000 to create a Strategic Plan to refine the region's priorities for growth and outline ways in which the region will achieve this vision for the future. This plan will continue to advise on the allocation of State resources. Each Consultant will work with ESD regional office staff and its Regional Council, and other relevant stakeholders.

Contracts will be awarded in summer 2023. Consultant contracts will be executed, held, and managed by ESD.

III. REQUIRED EXPERTISE

ESD invites professional, financially-sound firms or teams to submit proposals. Respondents to this RFP should have a full range of staff, capabilities, and relevant experience in developing strategic plans. The following expertise is of particular value to the project:

- Public engagement and stakeholder/community outreach: Experience leading public meetings and developing and carrying out engagement strategies to reach a broad and inclusive population, including non-English proficient populations.
- Subject matter expertise: Experience in developing and coordinating complex community planning initiatives.
- Report writing: Experience writing comprehensive, detailed reports that clearly articulate an
 overarching narrative while providing the detail necessary for future implementation; and
 synthesizing and presenting data from multiple sources.
- Process management: Experience coordinating complex projects involving multiple disciplines and managing and scheduling work to meet short deadlines.

- Information and economic analysis: Experience conducting applied information management; data collection from various government and other public sources; and conducting economic research (labor costs, employment trends, gross regional product, etc.) and market/industry sector analysis; identifying capital/financing opportunities and sources.
- Policy analysis: Experience analyzing the effects of regulatory programs and requirements.

Respondents may consider establishing a team with other firms or entities to demonstrate subject matter expertise, the ability to leverage a wide range of functional capabilities, formulate scalable solutions, and develop implementation-ready projects. Firms collaborating with not-for-profit, educational institutions or other civil society organizations in innovative ways to deliver higher-value results to REDCs are also encouraged, and the demonstration of those capabilities will be part of the evaluation criteria. All decisions by ESD regarding firm capacity are final.

MWBE & SDVOB Subcontractor Interest

New York State certified Minority- and Women-Owned Businesses (MWBEs) and Service Disabled Veteran Owned Businesses (SDVOBs) may request that their firm's contact information be included on a list of MWBE and SDVOB firms interested in serving as a subcontractor for this procurement. The listing will be publicly posted on ESD's website for reference by the bidding community. A firm requesting inclusion on this list should send contact information and a copy of its NYS MWBE or SDVOB certification to REDCConsultingServices2023@esd.ny.gov. Nothing prohibits an M/WBE Vendor from proposing as a prime contractor.

IV. SCOPE OF WORK

ESD will select one (1) Consultant per region to lead the development of an updated regional economic development strategic plan for each of the ten Regional Economic Development Councils.

Consultants will be awarded contracts for up to \$200,000 per REDC. Respondents to this RFP ("Respondents") may submit proposals for a specific region or multiple regions. ESD will give preference to firms/teams who have experience and familiarity within the region they are submitting a proposal for.

Although the Scope of Services below provides a framework for the tasks required to complete an updated strategic plan, the final scope of each strategy will be determined based on each REDC completing review of regional data and determining its regional needs and priorities. Specifically, while the overall scope will remain the same, the level of updates to strategies in each region may vary. For example, a REDC may have done more detailed review and updates to their regional strategies in recent years and may require less comprehensive updates and not a full rewrite. Another region may need to do more thorough analysis and update their vision and strategies more thoroughly.

Consultants will receive payment based on successfully completing the tasks and deliverables, as set forth below, which will be further developed in the final scope attached to the contract:

A. Regional Assessment & Public Participation

The consultant will assist the REDC in assessing the current economic conditions of the region and identify strategic economic development opportunities. As a first step, the REDC and Consultant should meet to discuss the current strategic plan for the region and the progress that has been made in implementing the plan over the years. NYS Empire State Development (ESD) will provide data to assist with a regional assessment of the health of the region and guide the identification of economic development opportunities. Regional coordination and collaboration is crucial to the development of the updated plan. The consultant will assist the REDC to incorporate public participation in the development of the updated strategic plan. The public should be invited to provide feedback and input throughout the strategic planning process. Each REDC will develop a plan to ensure public participation through outreach and community forums. Meeting frequency, format (in-person or virtual), and setting (public versus working sessions) will be established by the REDC and the consultant.

B. Develop regional Strategic Plan

The Consultant will lead the REDC to create a strategic plan that identifies an economic vision for the future and develop strategies to capitalize on key regional assets. The strategic plan should include a framework to identify and implement regional projects that support the goals and priorities articulated in the plan.

As a basic premise, the strategy should include specifics on how to:

- Re-establish an economic vision for the region's future;
- Identify and advance projects to meet regional needs;
- Establish regional priorities that build off the region's unique assets; and
- Identify opportunities to advance key industries.

Using these plans, REDCs will be able to move forward with next steps to advance their strategies and identify projects that advance the regions goals for the future.

C. Regional Challenges Proposal

As part of the updated Strategic Plan, the Councils are being tasked with analyzing particular challenges that they are facing and to develop creative and implementable solutions. The State will be setting broad challenges topics and each REDC will be responsible for selecting one challenge they intend to focus on. Each REDC will need to develop a proposal that outlines creative and innovative solutions to address the challenge. These proposals will be reviewed by the State and winning proposals will be awarded with funding that allows them to implement the proposed solutions. Challenges topics will be broad enough that they would be applicable to all regions, but each REDC will address the challenge as it presents in their region. The list of challenges will be included in the final scope of work attached to the contract but potential examples include: Blight; Workforce; Population/Talent Attraction/Retention; Sustainability/Clean Energy; Housing; Tourism; Equity.)

vii. Non-Discrimination and Contractor & Supplier Diversity Requirements
CONTRACTOR REQUIREMENTS AND PROCEDURES FOR PARTICIPATION BY NEW YORK STATECERTIFIED MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES AND EQUAL EMPLOYMENT
OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND WOMEN

Pursuant to New York State Executive Law Article 15-A and Parts 140-145 of Title 5 of the New York Codes, Rules and Regulations ESD is required to promote opportunities for the maximum feasible participation of New York State-certified Minority and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of ESD contracts.

Business Participation Opportunities for MWBEs

For purposes of this solicitation, ESD hereby establishes an overall goal of 30 percent for MWBE participation. A contractor ("Contractor") on any contract resulting from this procurement ("Contract") must document its good faith efforts to provide meaningful participation by MWBEs as subcontractors and suppliers in the performance of the Contract. To that end, by submitting a response to this RFP, the respondent agrees that ESD may withhold payment pursuant to any Contract awarded as a result of this RFP pending receipt of the required MWBE documentation. The directory of MWBEs can be viewed at: https://ny.newnycontracts.com. For guidance on how ESD will evaluate a Contractor's "good faith efforts," refer to 5 NYCRR § 142.8.

The respondent understands that only sums paid to MWBEs for the performance of a commercially useful function, as that term is defined in 5 NYCRR § 140.1, may be applied towards the achievement of the applicable MWBE participation goal. The portion of a contract with an MWBE serving as a broker that shall be deemed to represent the commercially useful function performed by the MWBE shall be 25 percent of the total value of the contract.

In accordance with 5 NYCRR § 142.13, the respondent further acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in a Contract resulting from this RFP, such finding constitutes a breach of contract and ESD may withhold payment as liquidated damages.

Such liquidated damages shall be calculated as an amount equaling the difference between: (1) all sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and (2) all sums actually paid to MWBEs for work performed or materials supplied under the Contract.

By submitting a bid or proposal, a respondent agrees to demonstrate its good faith efforts to achieve the applicable MWBE participation goals by submitting evidence thereof through the New York State Contract System ("NYSCS"), which can be viewed at https://ny.newnycontracts.com, provided, however, that a respondent may arrange to provide such evidence via a non-electronic method by contacting the Office of Contractor and Supplier Diversity ("OCSD") at OCSD@esd.ny.gov.

Additionally, a respondent will be required to submit the following documents and information as evidence of compliance with the foregoing:

A. An MWBE Utilization Plan with their bid or proposal. Any modifications or changes to an accepted MWBE Utilization Plan after the Contract award and during the term of the Contract must be reported on a revised MWBE Utilization Plan and submitted to ESD for review and approval.

ESD will review the submitted MWBE Utilization Plan and advise the respondent of ESD acceptance or issue a notice of deficiency within 30 days of receipt.

B. If a notice of deficiency is issued, the respondent will be required to respond to the notice of deficiency within seven (7) business days of receipt by submitting to OCSD at OCSD@esd.ny.gov, a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by ESD to be inadequate, ESD shall notify the respondent and direct the respondent to submit, within five (5) business days, a request for a partial or total waiver of MWBE participation goals. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.

ESD may disqualify a respondent as being non-responsive under the following circumstances:

- a) If a respondent fails to submit an MWBE Utilization Plan;
- b) If a respondent fails to submit a written remedy to a notice of deficiency;
- c) If a respondent fails to submit a request for waiver; or
- d) If ESD determines that the respondent has failed to document good faith efforts.

The successful respondent will be required to attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract Award may be made at any time during the term of the Contract to ESD, but must be made no later than prior to the submission of a request for final payment on the Contract.

The successful respondent will be required to submit a quarterly MWBE Contractor Compliance & Payment Report to ESD, by the 10th day following each end of quarter over the term of the Contract documenting the progress made toward achievement of the MWBE goals of the Contract.

Equal Employment Opportunity Requirements

By submission of a bid or proposal in response to this solicitation, the respondent agrees with all of the terms and conditions SCHEDULE B - PARTICIPATION BY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES: REQUIREMENTS AND PROCEDURES. The respondent is required to ensure that it and any subcontractors awarded a subcontract for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work"), except where the Work is for the beneficial use of the respondent, undertake or continue programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

The respondent will be required to submit a Minority and Women-owned Business Enterprise and Equal Employment Opportunity Policy Statement, OCSD-1, to ESD with its bid or proposal.

If awarded a Contract, respondent shall submit a Workforce Utilization Report and shall require each of its Subcontractors to submit a Workforce Utilization Report, in such format as shall be required by ESD on a QUARTERLY basis during the term of the Contract.

Pursuant to Executive Order #162, contractors and subcontractors will also be required to report the gross wages paid to each of their employees for the work performed by such employees on the contract utilizing the Workforce Utilization Report on a quarterly basis.

Further, pursuant to Article 15 of the Executive Law (the "Human Rights Law"), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and subcontractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

Please Note: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

Diversity Practices

ESD has determined, pursuant to New York State Executive Law Article 15-A, that the assessment of the diversity practices of Bidders is practical, feasible, and appropriate. Accordingly, Bidders shall be required to include as part of their response to this procurement the Diversity Practices Questionnaire (See Appendix X).

PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED SERVICE-DISABLED VETERAN OWNED BUSINESSES

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOB"), thereby further integrating such businesses into New York State's economy. ESD recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of ESD contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders are expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

Contract Goals

A. ESD hereby establishes an overall goal of 6% for SDVOB participation, based on the current availability of qualified SDVOBs. For purposes of providing meaningful participation by

SDVOBs, the Bidder/Contractor should reference the directory of New York State Certified SDVOBs found at: https://online.ogs.ny.gov/SDVOB/search. Questions regarding compliance with SDVOB participation goals should be directed to the Designated Contacts. Additionally, following Contract execution, Contractor is encouraged to contact the Office of General Services' Division of Service-Disabled Veterans' Business Development at 518-474-2015 or VeteransDevelopment@ogs.ny.gov to discuss additional methods of maximizing participation by SDVOBs on the Contract.

B. Contractor must document "good faith efforts" to provide meaningful participation by SDVOBs as subcontractors or suppliers in the performance of the Contract.

SDVOB Utilization Plan

- A. In accordance with 9 NYCRR § 252.2(i), Bidders are required to submit a completed SDVOB Utilization Plan on Form OCSD-4.
- B. The Utilization Plan shall list the SDVOBs that the Bidder intends to use to perform the Contract, a description of the work that the Bidder intends the SDVOB to perform to meet the goals on the Contract, the estimated dollar amounts to be paid to an SDVOB, or, if not known, an estimate of the percentage of Contract work the SDVOB will perform. By signing the Utilization Plan, the Bidder acknowledges that making false representations or providing information that shows a lack of good faith as part of, or in conjunction with, the submission of a Utilization Plan is prohibited by law and may result in penalties including, but not limited to, termination of a contract for cause, loss of eligibility to submit future bids, and/or withholding of payments. Any modifications or changes to the agreed participation by SDVOBs after the Contract award and during the term of the Contract must be reported on a revised SDVOB Utilization Plan and submitted to ESD.
- C. ESD will review the submitted SDVOB Utilization Plan and advise the Bidder/Contractor of ESD acceptance or issue a notice of deficiency within 20 days of receipt.
- D. If a notice of deficiency is issued, Bidder/Contractor agrees that it shall respond to the notice of deficiency, within seven business days of receipt, by submitting to ESD a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by ESD to be inadequate, ESD shall notify the Bidder/Contractor and direct the Bidder/Contractor to submit, within five business days of notification by ESD, a request for a partial or total waiver of SDVOB participation goals on OCSD-5. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.
- E. ESD may disqualify a Bidder's bid or proposal as being non-responsive under the following circumstances:
 - (a) If a Bidder fails to submit an SDVOB Utilization Plan;

- (b) If a Bidder fails to submit a written remedy to a notice of deficiency;
- (c) If a Bidder fails to submit a request for waiver; or
- (d) If ESD determines that the Bidder has failed to document good faith efforts.
- F. If awarded a Contract, Contractor certifies that it will follow the submitted SDVOB Utilization Plan for the performance of SDVOBs on the Contract pursuant to the prescribed SDVOB contract goals set forth above.
- G. Contractor further agrees that a failure to use SDVOBs as agreed in the Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, ESD shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsibility.

Request for Waiver

A. Prior to submission of a request for a partial or total waiver, Bidder/Contractor shall speak to the Designated Contacts at ESD for guidance.

- B. In accordance with 9 NYCRR § 252.2(m), a Bidder/Contractor that is able to document good faith efforts to meet the goal requirements, as set forth in clause IV below, may submit a request for a partial or total waiver on Form OCSD-5, accompanied by supporting documentation. A Bidder may submit the request for waiver at the same time it submits its SDVOB Utilization Plan. If a request for waiver is submitted with the SDVOB Utilization Plan and is not accepted by ESD at that time, the provisions of clauses II (C), (D) & (E) will apply. If the documentation included with the Bidder's/Contractor's waiver request is complete, ESD shall evaluate the request and issue a written notice of acceptance or denial within 20 days of receipt.
- C. Contractor shall attempt to utilize, in good faith, the SDVOBs identified within its SDVOB Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract award may be made at any time during the term of the Contract to ESD, but must be made no later than prior to the submission of a request for final payment on the Contract.
- D. If ESD, upon review of the SDVOB Utilization Plan and Monthly SDVOB Compliance Report (OCSD-6) determines that Contractor is failing or refusing to comply with the contract goals and no waiver has been issued in regards to such non-compliance, ESD may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven business days of receipt. Such response may include a request for partial or total waiver of SDVOB contract goals.

Waiver requests should be sent to OCSD.

Required Good Faith Efforts

In accordance with 9 NYCRR § 252.2(n), Contractors must document their good faith efforts toward utilizing SDVOBs on the Contract. Evidence of required good faith efforts shall include, but not be limited to, the following:

- (1) Copies of solicitations to SDVOBs and any responses thereto.
- (2) Explanation of the specific reasons each SDVOB that responded to Bidders/Contractors' solicitation was not selected.
- (3) Dates of any pre-bid, pre-award or other meetings attended by Contractor, if any, scheduled by ESD with certified SDVOBs whom ESD determined were capable of fulfilling the SDVOB goals set in the Contract.
